

First Lady Patsy Riley requests that Alabamians be on the look-out for what she refers to as the "Mansion's original crystal pattern". The Mansion is in need of ice-tea glasses and water goblets that match the pattern of Fostoria Navarre-Clear. She is calling on all fellow antique shoppers and china collectors to be so gracious as to donate glasses to the Mansion in order to complete The Mansion's crystal set. She is also asking for tips or suggestions on locating these glasses in Alabama.

If someone locates a shop or dealer who has this pattern and you notice it in your area please contact Leah Southern, Executive Assistant to the First Lady at Leah.Southern@governor.alabama.gov

Attached below are photos of the glasses for descriptive and identification use

Mrs. Riley is also accepting donations of the glasses and they may be shipped to:
